Application. No. 09/557,445

Preliminary Amendment, applicant has amended claims 1, 10 and 14 in accordance with the telephone conferences between applicant's attorneys and the Examiner. In each of the amended claims (and the claims which depend therefrom), the support frame or structure has been described as having an open central portion with the flexible, vertically extending members positioned therein. In contrast, the flexible vertical members of Barvaeus engage the back member (1) which has no central opening.

Applicant's attorneys wish to thank the Examiner for the courtesies extended during their telephone conferences and respectfully submit that the application is now in condition for allowance. Favorable consideration is therefore respectfully requested.

Respectfully submitted,

MICHAEL BEST & FRIEDRICH LLC
